## Report of Police Department

---

During the year of 1974 we were faced with many problems, some of which we needed help from other departments. We have also helped other departments with law enforcement.

Milan is now no longer free from riotous groups, booze parties, and property damages. We had to call in Errol Police Department to help in this matter, and for this we thank them for a job well done.

There is a need to back your Police Department and report anything of a suspicious nature as it may be helpful with law enforcement.

There is a need to put officers on the road more hours to bring about better law and order.

Respectfully submitted,

HERBERT BALSER

## Fire Chief's Report

---

The year 1974 was one of accomplishments. A great deal of progress has been made in erecting a new fire house in W. Milan, and is well on its way in becoming completed. A great many volunteer hours have been donated to the project and the ladies, the Fireflies, have also done a fine job in raising a good sum of money for the project.

A surplus fire truck was acquired and with continued work it will be added to the department. Several more coats, hats, and boots were purchased and I have received good reports from the men who have worn them.

Many thanks to all who have contributed and donated hours of labor in maintaining and updating your Fire Department.

A. H. MacDOUGALL  
Fire Chief

# Milan Home Nursing Center

## Annual Report

The Milan Home Nursing Center is pleased to report, after a full year in operation, the following nursing services rendered:

Physician Referrals	12
Retired Persons	40
Disabled Persons	5
Post Partum	12
Normal Newborns	<u>12</u>
	81 Total Patients
	392 Total Visits

Additional service — 4 preschool clinics with an average of 35 to 40 children and 50 immunizations per clinic.

Since a billing agreement with the Berlin Health Department was unable to be arranged, a Medicare Billing Contract was established with the Lancaster Public Health Nursing Service Inc. on Sept. 16. A Physical Therapist Service Contract was signed Oct. 15.

Examples of estimated savings to actual patients resulting from the availability of home care are:

Case A — Patient needed approximately 2 months of hospital care but had a member of family who needs constant supervision and could be handled from the bedside as long as professional nursing care was administered.

Hospital Cost			
Care @ \$65. per day	\$3,900.	2 Doctor home calls	
Daily doctor visits		@ \$15.	\$ 30.
@ \$5.	300.	60 Nurse visits	
Home supervisor for		@ \$5.	<u>300.</u>
family member or			\$330.
Institute care @ \$16.	<u>960.</u>		
	\$5,160.		

Approximate savings \$4,860.

Aside from eliminating a great expense, the most rewarding advantage to this situation is the patient's ability to fulfill family responsibilities.

Case B — Physical therapy twice weekly necessary. Ambulance transportation required. Treatment to continue for an undertermined length of time and an occasional physical therapist re-evaluation required.

3 Month Estimate

Hospital Therapy		Actual Home Care Cost	
Therapy treat. @ \$8.	\$192.	Nursing Visit @ \$5.	\$120.
Ambu. serv. @ \$25.	<u>600.</u>	Physical Therapist	<u>20.</u>
	\$792.		\$140.

Approximate savings \$652.

Case C — Special dressings compulsory. 17 days continued hospital care required. Patient discharged because of available home nursing care.

Hospital Care		Actual Cost	
17 days @ \$65.	\$1,105.	Required Nursing Care	\$25.

Approximate savings \$1,080.

We appreciate the fine support of the community in our efforts and look forward to further services for the promotion of good health.

\*The starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District Officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1974-75 is as follows: Dummer, \$247.90; Errol, \$1,061.90; Gorham, \$14,282.00; Milan, \$1,396.75; Randolph, \$873.20; Shelburne, \$683.25; State Share, \$2,500.00. The Teacher's retirement and the State Employee's Retirement Assoc. assesses the amount for the Superintendent's Retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law.

\*\*Addition to Milan Village School.

## Report of Superintendent

---

To the Citizens of the Town of Milan:

The School District meeting of March 3, 1975, will undoubtedly be the most important meeting for many years to come. Two matters will be uppermost in the minds of the people, 1) the pending school addition, and 2) the size of the pending budget. In both cases some hard decisions will need to be made and the result will become the reality for all of us for the coming year. Needless to say we need everyone in the community present and willing to help all of us decide what is best for the town.

### Warrant

This year the school warrant will contain 14 articles, 4 of which have been included by petition. I will not attempt to relate to the petition articles as I do not represent or know the motivations of those wishing the articles included in the warrant. However, of the 10 remaining articles some are in need of an explanation as well as some background in order to enable you to vote wisely on them.

Article 6 represents the first and perhaps most important article in the warrant. Not only do we raise the money for the construction of an addition but you allow the school board to raise the sum through a 10 year note or the sale of bonds. In either case the town places itself in debt for a period of 10 years.

Perhaps many of you will ask why we need a new school addition. Others will say that it is too costly. Some may even feel we should tuition the children to Berlin or renovate some existing building. Let me say that your last two study committees have discussed all possible options which had some possibility. Your Building Committee was given the results of their work and in the final analysis agreed with their findings. Thus it would seem that your Building Committee has done its homework and is ready to propose what it feels the community can afford. I am sure some people will take opposite sides on this issue. However, regardless how the questions placed before you are resolved some provisions must be made to educate your children.

The need for a new school addition is simply a question of numbers. We will have 38-46 children in grades 5 & 6. Not only can't we have the children in the present basement classroom but we are in fact required to keep our class sizes under 30.

Therefore, if we are to split the class in half we need 2 rooms, one to remove the children from the basement and one to house the other half of the split grade which will then become two sections, one grade 5 and one grade 6.

The cost of the project has been set at \$70,500.00 plus \$800.00 for new siding on the existing building. This means a total of \$71,300 or \$7,130.00 per year over a ten-year period. Of the \$7,130.00 the State of N.H. will pay back to the community 30% to help them pay for the building. Above the principal payment of \$7,130.00 there will be an interest payment of approximately 6% or less on the money borrowed. In addition to the principal and interest payments there will be a one time investment in equipment to put in the classrooms.

The question of tuitioning our children to Berlin was raised before the voters a year ago. At that time the people did not feel they wished to tuition their children below grade 7. Based on the present known construction cost and the estimated tuition rates for next year it would appear that the construction of an addition will be the less costly of the two choices. Materials supporting this statement will be made available to the public well in advance of the School District Meeting on March 3.

As for the question of renovation of an existing building in Milan, this possibility was looked into. Not only is there not a suitable building, but public funds can not be expended on private buildings. Leasing arrangements, however, could have been made after any such building was renovated by the owners to meet state health and fire standards. The end result of these inquiries led everyone to believe leasing or renovations were not the answer.

Article 8 was placed in the warrant to provide an alternative to the voters should they vote down the building addition. Should the town wish to change its mind it could vote this article. Hopefully Berlin would then be willing to accept our children should this be done.

Article 9 may or may not be needed. Should some unclear areas of the AREA Agreement with Berlin be defined and acceptable with both parties there will be no need to have such a committee to study the agreement with Berlin and propose changes at our meeting in March, 1976. A further report will be provided to the voters at the annual meeting. Hopefully what has been worked out with your school board will be acceptable to all of you at our meeting in March.

Article 10 asks for a deficit appropriation of \$6,900.72 to cover the increased costs of tuition. Last year at this time the

school board budget was based on estimated tuition costs to Berlin. Late in the fall of 1974 the state figures came out and were much greater than anticipated. The difference can be seen below in my illustration:

	1974-75 Estimated	1974-75 Actual
Elementary	\$645.12	\$ 927.57
Junior High	912.48	957.02
Senior High	920.40	1,043.38

As you can see there exists substantial differences between the two. The result of this change is a \$6,900.72 deficit in this year's budget.

The other article found in the warrant, other than the petition articles, are similar to that of past years and perhaps need little if any explanations. If needed an explanation will be provided on the floor of the meeting.

Budget

The budget for the 1975-76 school year is the largest ever placed before the town. As in previous years the largest part of that budget is found in tuition at a figure of \$116,527.00 or 52.2% of the total budget. These costs can not be controlled and are totally dependent on Berlin and what happens there.

Of the remaining 47.8% of the budget large portions represent fixed amounts which may not be reduced if we are to operate our school. Obviously, those parts that are not fixed will bear the brunt of any budget cut should there be one. Perhaps to bring out this point more clearly some background information is needed. Based on figures supplied by the State Milan School District spends \$519.00 on each child it educates in its school Gr. 1-6. State average costs for the same grades is \$885.00 per child. As you can see Milan spends substantially less than the average in N. H. Further, among 154 towns which have schools Milan ranks 5th from the bottom. Simply stated, even minor cuts will place our educational system at the very bottom of all schools in N. H. Where you go from the bottom only God knows. In closing, what I am attempting to point out here is quite simple. Any budget reductions which can be made can only come from the operation of the local school. Such a reduction will only hurt the education of your children in the end.

Following you will find an illustration of what the budget looks like:

	1974-75		1975-76
Budget	\$179,837.50		\$223,358.14
Deficit	(1973-74) 6,825.23	(1974-75)	6,900.72
	\$186,662.73		\$230,258.86
Revenue	36,476.00		37,486.00
Raised by Taxation	\$150,186.73		\$192,772.86
Net Increase:	\$42,586.13	Gross Increase:	\$43,520.64

### Petition

Your school board will have prepared in advance of the March meeting a petition addressed to the Governor and the State Department of Education seeking greater funding under the Foundation Aid Program. This program which was made into law some years ago was for the purpose of helping the poorer towns of the state to provide a minimum education for its children. Under the funding of past years Milan has received \$30,756.00 of aid. (Based on an appropriation of 3.4 million). Presently there are plans to increase this appropriation by 1.3 million. Should this be passed in Concord, Milan could receive an additional \$11,000.00 of State Aid. Your support of this increase or a greater increase could help Milan a great deal. When you are asked to sign a petition I hope you will do so. If you want to do more, write letters to your representatives and to Arthur Drake, Chairman, Appropriations Committee, State House, Concord, N. H. 03301 and let him know how you feel. With the lowest amount of taxable property behind each child in the state, Milan needs help desperately. Will you do your part to put this point across to those who need to know? I hope you will give it some thought and lend your help.

### Summary

Milan is facing a most difficult situation in the coming year. There are no solutions other than perhaps more adequate funding of Foundation Aid by the State. We have reached a point where something must be done. Unfortunately the solutions are limited and in the final analysis can do little to alter what seems to be happening.

March of 1975 will bring to a close the long School Board career of Mrs. Alta Campbell. During the past four years it has been my pleasure to work with her. She has represented Milan well and stands out as a credit to the community as a whole. I only hope the town will realize its great loss when she leaves.

The operation of a school district requires the involvement of everyone, not only your school board and your teachers. Parents share a major part in making a school what it is or in some cases what it is not. Though we have much to do much remains to be done. Pulling together we can provide your children with a good education. To those of you who have pulled together with us in the past I give my sincere thanks. Without you the task of education would have been impossible.

Respectfully submitted,

ROBERT BELLAVANCE

## Milan Village Elementary School

---

School opened on September 3, 1974 with an enrollment of 99 pupils.

Grade 1	18 pupils
Grade 2	18 pupils
Grade 3	16 pupils
Grade 4	16 pupils
Grade 5	19 pupils
Grade 6	12 pupils

The teaching staff is as follows:

Mrs. Margaret Nichols — Grade 1  
Mrs. Julie Colbath — Grades 2 and 3  
Mrs. Barbara Elcik — Grades 3 and 4  
Mr. Peter Buchler — Grades 5 and 6  
Mrs. Donna Roberts — School Nurse - Teaching Health  
Mrs. Virginia Armstrong — Music  
Mr. William Canby — Librarian  
Mrs. Joyce French — Title I Remedial Reading  
Mrs. Bernice Gaiser — Teacher Aide

Mr. Canby, the Librarian, comes to the school one morning each week. Several interested citizens have volunteered to help in the library, and their help is greatly appreciated.

Mr. Joseph Labrecque is the School Custodian.

Mrs. Donna Rich is the School Lunch Director and Cook. Mrs. Joan Croteau is her helper. Mrs. Minnie Hamlin is Bookkeeper for the Lunch Program.

Open House was held during the week of November 4-8. Many parents and friends visited classes during that week.

We had a very large attendance at our annual Christmas Program, which was under the direction of Mrs. Armstrong, the music teacher. This year, thanks to the Odd Fellows and the Rebekahs, we were able to have the program at the Odd Fellows Hall.

Once again the Milan - West Milan P.T.A. is very active and has purchased a film projector for the school. We greatly appreciate the many things the P.T.A. does for our school.

Our enrollment is still growing. Our 1972 September enrollment was 83 pupils. The 1973 September enrollment was 88 pupils. The 1974 September enrollment was 99 pupils.

As of this writing, we have 104 pupils. The voters will be deciding at the March School District Meeting what course is to be taken in regard to the increasing enrollment.

Respectfully submitted,

MARGARET NICHOLS  
Principal

## School Nurse Annual Report

---

January to June of 1974 presented no unusual health problems. In the fall an outbreak of pediculosis (head lice) was quickly contained because of the fine cooperation and reporting of the parents involved. Again Mr. W. McLaughlin of the UNH Cooperative Extension taught a unit in nutrition to the children, this time four weeks rather than eight weeks. This program is planned on a two year rotation basis as long as it is available. Because pre-school clinics, physicals, and T.B. testing has been absorbed by the Milan Home Nursing Center more time is now available, under the 36 day nurses contract, for health teaching and other school activities.

### Fall activities:

1. Heights and weights
2. School physicals with referrals - fourth grade and all new students
3. Visual screening with referrals
4. Health teaching

### Spring activities:

1. Hearing screening with referrals
2. T.B. testing - staff and new students
3. Health teaching

Respectfully submitted,

DONNA ROBERTS, R.N.  
School Nurse
